DETAILED ACTION

This is in response to amendments filed on 1/16/06 in which claims 1-30 are pending. The applicant's amendments have been fully considered therefore this case is in condition for allowance.

Allowable Subject Matter

1. The following is an examiner's statement of reasons for allowance: the prior arts of record fail to anticipate or render obvious the following recited features: a second electrical input port for receiving a second serial electrical data stream from external to the integrated circuit; transmitter eye opener circuitry for retiming and reshaping the second serial electrical data stream; and a second electrical output port for transmitting the retimed and reshaped second serial electrical data stream as recited in all independent claims.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Conclusion

2. The prior art made of record and not relied upon is considered pertinent to applicant's disclosure.
